Hello,

I need to appeal a decision made by the Office of Administrative Hearings with docket numbers 321199 and 320985. This decision was about an able and available denial as well as an hours worked/compensation denial. The reasons for my appealing the decision are as follows.

I was able and available for work, as well as actively seeking work shortly after I left my job at Target Corporation. I reiterate that I quit my job for valid reason, because of an illegal activity that was taking place at work that my employer did not stop in a timely way. I have medical evidence I was able and available for work, a signed form issued by the ESD from my doctor, and I also have an extensive job search log showing I completed more than three job search activities in the each week. I am aware I am eligible for unemployment insurance compensation, and the decision to deny my benefits is clearly a mistake on the part of the OAH. Thank you for your understanding.

I am late in filing this appeal because I was unaware that I had been denied and did not receive any correspondence regarding the denial, so I thought the case was still pending decision. Thank you for your understanding regarding this postal error.

Thank you for your consideration in this matter. Have a great day.

Sincerely,
Jasper Holton
